# Reasons for turn backs (July 28 – Aug 5)

# Declines x day

# What can you do to help

- Keep calendars updated
- We understand distance – we do not schedule matches. Teams do. If there is only one match, it is what it is
- Check GameOfficials daily – matches roll off after 72 hours

# What we are doing

- Trying to give minimum of 2 – 3 matches in sequence (MSPSP is not yet on line)
- Communicating across assignors
- Making some calls to referees that have high rates of decline
